Introduction

At Allis Interiors, our mission is to create meaningful, layered, livable spaces. We accomplish this through careful sourcing of mindfully-curated pieces, new & old, for those who want a tailored, functional and beautiful home.

About Christina

Christina Halverson, founder and lead designer of Allis Interiors, was lucky to understand the power of paint at a young age. Her often-repainted room walls included shades of purple, green, orange and red. While she has, thankfully, gravitated toward more neutrals when it comes to design, the passion, creativity and obsession of crafting a beautiful and thoughtful space for any stage in life still shines through.

Christina loves working with clients and seeing their spaces come to life through a shared vision. She understands that inviting someone in to help you with your home is a very intimate undertaking, therefore she treats the process with the utmost respect & understanding.

Christina is a graduate of the New York Institute of Art and Design and is a member of the Designer Society of America.

Testimonials

“Working with Christina at Allis Interiors was like a breath of fresh air. She sees what you're trying to accomplish in your space and stays true to your vision, while also giving her honest advice on how to achieve your design goals. I don't know what I—and my home—would do without her.”

-Julia A.

"Christina was inspiring to work with. She helped us enrich a space with creativity and personality in an otherwise mundane room. It was an enjoyable, easy process working with Christina and I would highly recommend her!"

- Kristin G.

Our Services

THE CLARK Full Service Design

Design Fee: Starting at \$3,500 per room*
Timeline: 8-16+ weeks

A personalized collaboration including space planning, design, furnishings & decor selection, product procurement & on-site styling.

We take care of every detail to give you a beautiful & finished space.

*Minimum furnishings spend: \$20,000

THE OAK Virtual Design

Design Fee: Starting at \$1,500 per room
Timeline: 2-4 weeks

A virtual collaboration, including space planning, design & selections. Custom curated shopping list, 2D-floor plan & furnishing placement notes included in final deliverables.

We give you the tools to make your vision come to life.

THE SHEFFIELD Designer By Your Side

Hourly Rate: \$110
Timeline: Customized

Not sure where to start? We can help with color schemes, furniture placement ideas or defining your personal style.

We provide guidance during your design journey; ideal for new home builds.

Does not include detailed drawings or a custom furnishings list.

The Process

PHASE I- INTRODUCTION

We start with an initial phone call to discuss the design project, ensure we are a good fit & to establish the scope of work.

During this call, we will discuss your vision for the space, your budget & the project timeline.

PHASE II - DISCOVERY

This is where we get to know you! A meeting is set up (either in-person or virtual), with our goal of understanding who you are and how you want your space to feel & function. We will also request inspiration photos to get a clear understanding of your vision.

If this is an existing space, we will take photos and extensive measurements.

If this is a new build project, our in-depth meeting will start with the build plans.

After the consult, a follow-up scope of work and contract will be sent to your inbox within 48 hours for approval.

The Process

PHASE III - PLANNING

This is where the fun begins, as we start on your custom design concept for your space. This includes sourcing for furnishings, fabrics, lighting & finishes, and is presented with a custom mood board and floor plan.

After the presentation, we give you some time to think over the options and come back with approval or revision requests.

PHASE IV - PROCUREMENT

We will continue the design process by working together to solidify selections, and therefore create a final mood board & floor plan.

For our virtual design package, The Oak, this is where we hand-off deliverables for you to independently purchase & install.

For our full service design package, The Clark, once the mood board is approved, we collect the furnishings deposit & procure the necessary items.

We keep you apprised of all orders and deliveries along the way via email.

This phase can take anywhere from a couple of weeks to several months, depending upon shipping timelines & complexity of the design.

The Process

PHASE V - IMPLEMENTATION & STYLING

Once all furnishings are delivered & have been assembled by the client or on the client's behalf, an on-site styling visit is scheduled. This may include optional hand-picked accessories, set with our expertise in order to emphasize the design.

We would love to complete the project with professional photographs to capture the custom space.

*If the project is for a new build, we will work closely with your builder, in order to schedule all design meetings and stay ahead of the build timeline.

In most cases, vendors and sources will be preselected or approved by your builder.

**If the project is for our virtual design package, we will provide a custom curated shopping list, including floor plan & furnishing placement notes, for independent purchasing and installation.

Payments & Communication

PAYMENTS

Upon booking services, a retainer equal to 50% of the design fee will be collected.

Prior to design presentation, the final design balance will be collected.

All invoices are due upon receipt.

Credit, debit & ACH payments are accepted. Debit & credit cards incur an additional 2.9% charge per transaction, while ACH payments include a 0.8% charge per transaction.

COMMUNICATION

Beyond scheduled calls and meetings, our preferred method of communication is email.
